

## PROGRAM

### 10<sup>th</sup> LARYNX DISEASE UPDATE COURSE

Coordinators: Marco Aurélio Vamondes Kulcsar / Rogério A. Dedivitis / Daniel Mairin Ramos

#### 5/11 - THURSDAY

8:00 - 8:30 **OPENING**

Guidelines for the treatment of head and neck cancer and real-world experience

Luiz Paulo Kowalski

8:30 – 9:20 **Table 1 – Diagnostic methods – from guideline to real life**

Moderator: Natalia Andrade

Debaters: Alirio Mijares (Caracas); Carlos Chone, Jossi Ledo Kanda

8:30 – Accuracy of laryngoscopy methods, Rogério Dedivitis

8:40 – How to stage without Resonance, Regina Elias

8:50 – Biopsy collection: ideal versus possible, Gustavo Manta

9:00 - Debate

9:20 – 10:10 **Table 2 – Oncological treatment of T3 Larynx Cancer**

Moderator: Marco Aurélio Kulcsar

9:20 - Speaker: Uma Duvuri (Pittsburgh)

9:40 - Debate: Do the criteria apply to our patients?

Debaters: Genival Barbosa de Carvalho; Izabella Costa Santos; Mariana Rodrigues

10:10 – 11:10 **Table 3 – Approach to patient with early cancer**

Moderator: André Guimarães

How to achieve excellence:

10:10 – Transoral Surgery, Leonardo Haddad

10:20 - Radiotherapy, Gustavo N. Marta

10:30 – Open laryngectomy, Fernando Luis Dias

10:40 - Debate: what to do when the resources are not optimal?

Debaters: Carlos N. Lehn; Luiz Ubirajara Sennes; Afonso do Carmo Javaroni

11:10 - 11:40 **VISIT TO EXHIBITORS**

11:40 – 1:10 **Table 4 – Approach to advanced cancer patient**

Moderator: Onivaldo Cervantes

11:40 – Partial laryngectomy in advanced tumors, Daniel M. Ramos

11:55 – Benefit with the use of new technology: monitoring, energy and stapler, Marcelo B. Menezes

12:10 – Reconstruction with microvascular or pediculated flaps, Tadeu Rangel

12:25 – Systemic therapy in irresectable lesions, Aline Lauda

12:40 - Debate: Non-surgical treatment for resectable advanced lesions

Debaters: Aline Lauda; Omar Dominguez Palomera (Mexico); Fabio Pupo Cecon

1:10 – 2:20 **LUNCH**

**10<sup>th</sup> MOUTH AND OROPHARYNX DISEASE UPDATE COURSE**

Coordinator: Leandro Luongo Matos / Luiz Paulo Kowalski

**5/11 - THURSDAY**

2:20 – 3:40 **Round table – Guidelines for treatment of oral cancer and clinical practice**

Moderator: Raquel Ayub Moisés, FMUSP

Secretary:

Debaters: Fatima Matos, UFPE (Recife, PE) / Lucas Gomes Silva (Hospital Aristides Maltês - Salvador, BA) / Ricardo Gama (Hospital do Amor, Barretos); Hugo Moura Luz (Fortaleza)

2:20 - 2:35: Comparison of different guidelines for treatment of oral cancer, Hugo Kohler - AC Camargo

2:35 - 2:50: AJCC 8<sup>th</sup> edition: the recommendation, its applicability and the future, Leandro Matos - ICESP, FMUSP

2:50 - 3:05: Sentinel lymph node biopsy in oral cancer: how to make the technique the standard of treatment in the Brazilian scenario? - Renato Capuzzo, Hospital do Amor (Barretos, SP)

3:05 - 3:20: Microsurgical reconstruction for large defects: how to make the technique the standard of treatment in the Brazilian scenario? - Gabriel Manfro, Joaçaba (SC)

3:20 - 3:40: Discussion

**3:40 – 4:10 INTERNATIONAL CONFERENCE**

Surgery as the “new” treatment for oropharynx cancer

Speaker: Kerri Olsen

President: Chin Shien Lin

**4:10 – 4:30 VISIT TO THE EXHIBITORS**

**10<sup>th</sup> SALIVARY GLAND DISEASE UPDATE COURSE**

Coordinator: Dorival Carlucci Jr.

**4:30 – 6:00 Round table – Treatment for salivary tumors - Guidelines x How I do it**

Moderator - Ricardo Penon Gonçalves

Secretary:

Debaters: Renato Nobutaka Gotoda; Augusto Dutra (Jundiaí); Gilberto Teixeira (Santa Catarina)

4:30 - 4:45 (15´) Pathological anatomy limits in the punctions and freezing of salivary gland tumors - Evandro Sobrosa

4:45 - 5:00 (15´) Indications for the FNAP and role of the biopsy for freezing in salivary gland tumors - Dorival Carlucci Jr.

5:00 - 5:15 (15´) Extension of the parotidectomies in malignant salivary tumors - Roberto Araujo Lima

5:15 - 5:30 (15´) Indication for the neck dissection in salivary tumors - Climério Nascimento

5:30 - 6:00 (30´) - Discussion

**6:00 – 6:30 INTERNATIONAL CONFERENCE**

Parotid deep lobe, indications for surgery

Speaker: Kerry Olsen

President: Dorival Carlucci Jr

**64<sup>th</sup> THYROID DISEASE UPDATE COURSE**

Coordinators: Marcos Roberto Tavares / Vergilius José Furtado de Araújo Filho / Beatriz Godoi Cavalheiro

**5/12 - FRIDAY**

**8:00 – 10:00 Round Table: Controversial aspects of the Guidelines in the Brazilian reality**

Moderator: Marcos Roberto Tavares

Debaters: Lenine Garcia Brandão, Suemi Marui; Christiana Maria Ribeiro Vanni

Secretary:

8:00 – 8:10 Indications for FNAP in small nodules in the thyroid: should we base ourselves on size? / Álfio Tincani

8:10 – 8:20 Indication for FNAP in suspicious small nodules in the neck: is there a minimum size? / Renata Mahmoud

8:20 – 8:30 What is the size limit of the nodule for TDC lobectomy? / Felipe Vanderlei

8:30 – 8:40 Suppression of TSH following total thyroidectomy in TDC: intensity and duration / Debora Lucia Seguro Danilovic

8:40 – 8:50 Minimal local invasion and indication to complete thyroidectomy following BTC lobectomy? / Vergilius J F Araujo Filho

8:50 – 9:00 Pre-operative calcitonin dosage in thyroid nodules: when? / Marcos Roberto Tavares

9:00 – 9:45 - Discussion

10:00 – 10:15 **VISIT TO EXHIBITORS**

10:15 – 11:15 **Case discussion table**

Moderator: Vergilius J F Araujo Filho

Debaters: Antonio Gonçalves, Afonso Manzano, Elaine Stabenow

Secretary:

10:15 – 10:45 Case 1: Thyroglossal cyst cancer / Beatriz Cavalheiro

10:45 – 11:15 Case 2: Intermediary-risk case conduct / Matheus Gerhard Rosenfeld

11:15 – 11:45 **CONFERENCE**

Translational view of the patient with advanced papillary carcinoma: from guidelines to clinical practice

Speaker: Ana Kober Nogueira Leite

President: Beatriz Cavalheiro

11:45 – 13:00 **Round Table: Radioiodine and well-differentiated thyroid carcinoma**

Moderator: Flavio Hojaij

Debaters: José Brandão, Aline Paterno Miazaki, Luciana Audi

Secretary:

11:45 – 12:00 - Particularities in the preparation for radioiodine therapy / George Coura

12:00 – 12:15 Efficacy of radioiodine in the prevention of TBC recurrences and doses utilized / Carlos Alberto Buchpiguel

12:15 – 12:30 Indications for radiotherapy following surgery for TBC / Marcos Roberto Tavares

12:30 – 12:45 Indications for radioiodine in the recurrence / Roberta Morgado

12:45 - 1:00 Discussion -

1:00 - 2:00 **INTERNATIONAL CONFERENCE (with lunchbox)**

Healthy Living Habits for physicians and patients

Speaker: Kerry Olsen

**11<sup>th</sup> PARATHYROID DISEASE UPDATE COURSE**

Coordinators: Fabio Luiz Menezes Montenegro / Gilberto Britto S. Filho / Sergio Samir Arap / Marilia Brescia

**2/12 - FRIDAY**

2:00 – 3:20 **LECTURE 1 – Use of intraoperative PTH**

2:00 – 2:05 – Opening and Moderation: Fabio Montenegro

2:05 - 2:20 Intraoperative PTH in primary HPT: Guidelines and my practice - Wellington Alves Filho

2:20 - 2:35 Intraoperative PTH in secondary and tertiary HPT: Guidelines and my practice – Luiz Carlos Conti de Freitas

2:35 - 3:20 Debate - Use of intraoperative PTH

Debaters: Paulo Guilherme Metting da Rocha, Monique Ohe, Murilo Neves, Andre D'Alessandro

3:20 – 4:00 **LECTURE 2 – Hyperparathyroidism treatment in Multiple Endocrine Neoplasia**

3:20 - 3:25 – Opening and Moderation: Marilia Brescia

3:25 - 3:40 – Parathyroidectomy in NEM1: Guidelines and the Real World - Delmar Muniz Lourenço Junior

3:40 - 4:00 Debate – Treatment of Hyperparathyroidism in Multiple Endocrine Neoplasia

Debaters: Regina Matsunaga Martim, Ana Rosa Quidute

4:00 – 4:30 **VISIT TO EXHIBITORS**

4:30 – 6:00 **LECTURE 3 – Treatment of Secondary Hyperparathyroidism**

4:30 - 4:35 – Opening and Moderation: Sergio Samir Arap

4:35 - 4:50 – Pharmacological Treatment of secondary HPT: International Guidelines and Real World in Brazil - Rosa Moyses

4:50 - 5:05 – Surgical Treatment of secondary HPT: Guidelines and Real World - Marcelo Belli

5:05 - 5:20 – Surgical Treatment of tertiary HPT: Guidelines and Real World - Marcello Rosano

5:20 - 6:00 Debate – Treatment of Secondary Hyperparathyroidism

Debaters: Melani Custódio, Felipe Magnabosco, Vanda Jorgetti, Rodrigo Oliveira Santos, Stenio Roberto L Santos, Ana Karenina N Fonseca, Ana Cecilia Almeida

6:00 - 6:30 **ALBERTO ROSSETTI FERRAZ CONFERENCE**

The construction of the Head and Neck Surgery specialty in Brazil

Speaker: Lenine Garcia Brandão

President: Marcos Roberto Tavares

**10<sup>th</sup> SKULL BASE DISEASE UPDATE COURSE**

Coordinators: Sérgio Gonçalves / Dorival Carlucci Jr.

**5/13 - SATURDAY**

8:00 – 9:00 Case Discussion

Craniofacial Surgery in the treatment of skull base tumors

Moderator: Luiz Roberto Medina dos Santos

Debaters: Sergio Goncalves, Marcelo Prudente; Leonardo Balsalobre

Case 1: Jonathan Gaefter

Case 2: Thaila Gondek

Case 3: Gabriela de Martin (ICESP)

9:00 – 9:30 **INTERNATIONAL CONFERENCE**

Burn-out and Necessary Leadership

Speaker: Kerry Olsen

President: Sérgio Gonçalves

Secretary:

**4<sup>th</sup> CUTANEOUS TUMORS AND SARCOMAS UPDATE COURSE**

Coordinators: André Bandiera de Oliveira Santos / Ricardo Penon Gonçalves

9:30 – 10:00 **CONFERENCE**

Neoadjuvancy for advanced skin SCC

Speaker: Rodrigo Munhoz

Secretary:

**10:00 – 10:30 VISIT TO EXHIBITORS**

**10:30 – 11:30 Cutaneous tumors – Presentation and case discussion**

Moderator: André Bandiera de Oliveira Santos

Debaters: Rodrigo Munhoz, Leonardo Koyama, Caio lamourier, Fernanda Bonani, Rafael Tutihashi,

Case 1: Systemic treatment for BCC - Marina Sahade

Case 2: Mohs surgery for BCC - Ivan Dunshee

Case 3: Advanced SCC - Giovana Perantoni

Case 4: SCC and Sentinel Lymph Node - Cindel Zulino

Case 5: Lentigo malignant melanoma - Renan Aguera

Case 6: Palliative surgery for melanoma - Terence Farias

**11:30 – 12:00 MELANOMA CONFERENCE**

Cutaneous melanoma in head and neck: what is the impact of the new treatments and surgical indications?

Speaker: João Duprat Neto, GBM

President:

**12:00 – 12:45 – REGENERON’S SATELITE SYMPOSIUM – (with Lunch Box)**

Advances in the treatment of non-melanoma skin cancer - squamous and basal cell

**12:45 - 2:15 Round Table: Sarcomas / Advanced tumors**

Moderators: Cláudio Cernea, Olavo Feher

12:45 – 1:00: Sarcomas in head and neck – most frequent clinical presentations and options for acquiring diagnosis - Ricardo Penon Gonçalves

1:00 - 1:15: Principal sarcomas in head and neck and options for systemic treatment - Abna Vieira

1:15 - 1:30: Difficulties in the anatomy/pathology of sarcomas:: indications for FNAP, immunohistochemistry, immunocytochemistry and molecular diagnosis - Renan Ribeiro

1:30 - 1:45: Surgical treatment for CHN sarcomas - Vinicius Vázquez

1:45- 2:00: When to indicate radiotherapy for head and neck sarcomas? - Samir Abdalla

2:00 - 2:15: Discussion – Round Table: Sarcomas / advanced tumors
